

Miloš Komljen

Full Stack Developer | PHP, Laravel, JavaScript, MySQL

Belgrade, Serbia | +381 65 209 90 29 | miloskomljen2008@gmail.com | github.com/miskebg | linkedin.com/in/milos-komljen-7517b436

PROFESSIONAL SUMMARY

Full Stack Developer with 10+ years of experience building custom web applications, ERP-connected systems, REST API integrations, and business automation tools. Strong background in PHP, Laravel, MySQL, JavaScript, WordPress, admin dashboards, and client-facing delivery for HoReCa, SaaS, retail, and service-based businesses. Known for practical problem solving, reliable ownership, and turning operational workflows into scalable digital products.

TECHNICAL SKILLS

Backend: PHP (OOP), Laravel, MySQL, MS SQL, REST APIs, JSON, OAuth, JWT

Frontend: JavaScript, HTML5, CSS3, Bootstrap, jQuery, responsive UI implementation

CMS & Web: WordPress theme development, custom websites, web shops, HTML-to-WordPress conversion

Integrations: Pantheon ERP API, Google Fit API, OneSignal, automated order and pricing sync

Infrastructure: Linux, Hetzner Cloud, cPanel, Docker basics, Windows Server, networks and hardware

Tools: GitHub, Postman, Figma, VS Code, Adobe Photoshop, Dreamweaver, Microsoft Office

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer | Self-employed, Belgrade | Jun 2016 - Present

- Developed 20+ custom web applications for clients across HoReCa, SaaS, retail, and service industries.
- Built Laravel/PHP backend systems, REST APIs, admin dashboards, reporting modules, and customer-facing workflows.
- Integrated ERP systems for automated order processing, pricing synchronization, and operational data exchange.
- Created analytics dashboards for order tracking, user insights, sales statistics, and performance monitoring.
- Improved application performance by up to 40% through database optimization and backend refactoring.
- Delivered production systems handling 1000+ daily API requests and supporting multiple businesses.

Web Developer | LMG Group, Belgrade | Apr 2013 - Jun 2016

- Created and maintained WordPress websites, custom themes, and web applications.
- Converted HTML templates into WordPress themes using HTML5, CSS3, JavaScript, and jQuery.
- Supported ongoing website updates, frontend changes, and application maintenance for business clients.

Administrator / Web & IT Support | LMG Group, Belgrade | Mar 2008 - Apr 2013

- Maintained WAP and web portals, supported internal applications, and handled assistant programming tasks.
- Managed computer systems, software maintenance, networks, and day-to-day IT support responsibilities.

Sales Representative / Commercial Roles | Telenor and Delta Mobile, Belgrade | May 2006 - Dec 2007

- Worked with SOHO/SME customers in sales, account support, and commercial communication roles.
